About **nbn**TM Service Speeds

nbnTM service speeds may vary based on a number of technical factors. For more details about the factors that can impact your speed please speak with one of our staff or visit the **nbn**TM website at <https://www.nbnco.com.au/learn-about-the-nbn/speed/making-the-most-of-your-internet-connection.html>.

When you sign up for a service, we will be able to advise you on the maximum speed available for your service and the average speed we expect you to achieve during peak times on our network. If your service fails to meet these speed targets, you may move to a lower plan for no additional cost.

Contract lengths and charging intervals

All our Pulse **nbn**TM plans listed have a minimum contract period of one month. The minimum charging interval is one month. When you sign up to one of our **nbn**TM services, we will take an initial payment for the Set Up Charge and the first month service fee. Once your service is connected, we will charge you monthly, in advance, for your service.

What's included in the Set Up Charge

Set Up Charge includes an **nbn**TM ready modem, configuration, and postage to your nominated postal address.
